If you require accessibility information that is not included in this document or have a question or request please contact MESS Studio Manager, Lauren Squire, on [lauren@mess.foundation](mailto:lauren@mess.foundation) or on +61 3 9329 7177 (Wednesdays-Fridays).

### **Studio Overview**

This section of this document contains information about the MESS Studio, it explains the entrance, interior and facilities within the Studio.

#### **Main studio entry point**

MESS is located within Meat Market, however, access to MESS is via a laneway, Dowling Place (off Wreckyn Street). The laneway is surfaced with bitumen and has no incline, although it is not even in all areas.

For security purposes our front door remains closed, to enter the Studio, please ring the doorbell located at the front door, or phone the studio on +61 3 9329 7177 and a staff member will greet you at the door.

Image ends and new image starts

Image Description: A photograph of the floor at the front door to the MESS studio. The entryway surface is a combination of bitumen and concrete that is slightly uneven in places. There is a narrow drain with a metal drain cover that is level with the concrete. The floor inside the studio is concrete covered with thin, tightly woven carpet. Image ends.

### **Main Studio Area**

The main studio is flat and level with a concrete floor. Half of the studio floor is covered in thin, tightly woven carpet, and the other half is smooth, unpolished concrete.

There are synthesisers and machines that are placed on tables and shelves located throughout the space. Some tables are empty workspaces where we can relocate synthesisers to be used at different heights.

We have a combination of stationary tables that are 92cm and 73cm in height. We also have small fully adjustable tables that can be relocated to different areas of the studio. We also have a number of adjustable keyboard stands that can be relocated to different areas of the studio. Synthesisers and the adjustable tables and keyboard stands can be relocated for wheelchair access.

### **Workshop Area**

There is a small incline when accessing the back area of the studio which is commonly used for workshops and classes. This area also contains a kitchen and the workbench where our technician works. The door to the toilets is also in this area. The double door to access the workshop area measures 81cm wide when half open and 131cm wide when fully opened.

Image starts

Image ends and new image begins

Image description: A photo of the floor at the internal double doors to the workshop area. The photo shows the small incline on the unpolished concrete floor from the main studio area to the workshop area.

Image ends and new image starts

Image description: A photo of internal doors fully open at 131cm wide. Image ends.

## Toilets

There are gender neutral toilets located at the rear of the Workshop Area. Please note, these toilets are not wheelchair accessible and do not contain any rails or mobility equipment. The doorway from the workshop area to the hallway where the toilets are located is 82cm wide.

The doorway at the entrance to the bathroom is 78cm wide. There is a small step up into the bathroom measuring 7cm in height and the bathroom door is 78.5cm wide.

Image starts

Image ends and new image begins

Image description: Photo of the open bathroom door showing small step and the sink.

The bathroom contains 3 lockable toilet stalls and 1 urinals in a separate stall. 2 of the toilet stalls contain a sanitary disposal bin. The toilets have a large trough-sink with 3 taps. The taps are at a height of 1m and the soap dispensers are at a height of 1.38m . A pump soap bottle is also available at sink height.

Image starts

There are accessible toilets located throughout Meat Market, use of these facilities requires leaving the Studio and entering the main Meat Market building. The closest available toilet is approx 100m from the MESS Studio located in the Stables. A MESS staff member can facilitate access to these toilets.

## Getting to MESS

### Google Directions

<https://goo.gl/maps/2vGttmFabdt>

## Bicycle

Bikes can be locked up at the entrance to MESS at your own risk. The area is well lit and monitored by a security camera. We recommend securing your bike to the poles, not the fence wire. Follow this [link](#) for more info on how to securely lock up your bike in the City of Melbourne.

## Parking

Street parking is available on Wreckyn Street near the entrance to MESS via Dowling Place. Parking costs \$1.70 p.h. but is free after 6.30pm.

**Accessible parking:** There are 2 on-street accessible parking bays located on Courtney Street near the corner of Wreckyn Street. ***These parking bays are approx. 130 metres from MESS.***

## Public Transport

**Bus** There is a bus that stops directly out the front of MESS. The 402 - Footscray - East Melbourne via North Melbourne stopping at either Courtney Street (to East Melbourne) or Dowling Place (to Footscray). ***The nearest bus stop is approx. 80 metres from MESS.***

**Train** Catch a train to the city and get off at Melbourne Central. From there, take the Elizabeth Street exit and transfer to either the 58 or 59 tram as described above.

**Tram** Catch the 58 West Coburg or 59 Airport West tram and alight at Stop 14 - Royal Melbourne Hospital on Flemington Road. This tram stop is accessible and has ramp access on both sides (photographs of the tram stop are below). From here, follow Wreckyn Street to Dowling Place. **This tram stop is approx. 400 metres from MESS.**

## **Frequently Asked Questions**

### **Can I bring in a Carer/Support Worker?**

Absolutely, there is no additional charge for support workers.

### **How do I make a booking?**

Bookings can be made via the bookings page on our website linked here -

<https://mess.foundation/booking/>

You can also call the studio direct to make a booking during our regular business hours. Wednesday to Sunday 1pm to 5pm.

### **What are the payment options at MESS?**

We accept card and cash payments.

### **Do you have any kitchen facilities?**

We have kitchen facilities out the back including a coffee machine, kettle, fridge and microwave. Plates, cutlery, cups and mugs are available for use. Complimentary tea and coffee is available. People are welcome to enjoy their food and beverages in the kitchen area. No food and beverages are permitted in the studio.

### **How loud does it get in the studio? Are people using speakers?**

Everyone coming to MESS works out of headphones. If you need a quiet space, please speak to a staff member and they can facilitate this.

### **Do I need to bring my own sound equipment like headphones, interfaces and recording equipment?**

You are encouraged to bring your favourite pair of headphones or a laptop/audio interface, or some other recording device (if you own something) to capture the sounds you make while you are at MESS. In the case you don't have any audio equipment we have loads of good quality headphones, audio interfaces and an abundance of other cables (audio, data, MIDI, and so on) that you are free to use during the workshop.

### **Is there braille signage at MESS?**

MESS does not have braille signage.

### **Can I bring my support animal?**

Yes you are welcome to bring in your support animal. Please email [admin@mess.foundation](mailto:admin@mess.foundation) ahead of time so we can ensure your furry friend has everything they need.

**Is there discounted access for Aboriginal and Torres Strait Islander people or refugees and asylum seekers?** Yes, we have a \$20 discount code for our Weekly Workshops. The discount code can be found on the workshop pages for [Eurorack Basics](#), [Synths for women +/- non-binary people +/- trans people Workshop](#), [Unlocking Analog Synths With Your DAW](#) and [MESS Introductory Workshop](#).

### **Will there be powerpoints / areas where people can charge mobility or communication devices?**

Yes. Please speak to a staff member and they can facilitate this.
